

## So what are the BENEFITS?

### #1: Budget Your Propane Costs

Know what you will pay every month of the year.

### #2: Full Tanks - No Calls!

We give you permission to not lift a finger to get your tank filled this winter!

### #3: Worry Free

Automatic payments with no surprise bills.

### #4: Known Costs

Since you know what you will pay, you don't have to save up to cover a high propane bill! So keep that extra cash this winter - it's all yours!

Folger Gas, L.L.C. is a locally owned and operated family business that has been serving the propane needs of families like yours in North Georgia for almost 40 years.

We are a part of the communities we serve just like you. Our goal is to provide our customers with the best service at a reasonable rate, with a commitment to customer service. Our staff is trained to be able to take care of all your propane needs; whether that be a propane delivery, a new appliance or servicing an existing appliance.

We are always trying to make your choice to use propane not only the SMART choice but the EASY choice.

## Stable Propane Pricing

Monthly Billing.  
Fixed Rates.

Life Just Got Better!

# Stable Propane Pricing.

Winter has always brought with it colder weather, holidays, vacation, family gatherings and high propane bills with fluctuating costs. Until now.

You can keep all the good things that come with winter, but now you can change the one thing that causes you the most dread - your high propane bill.

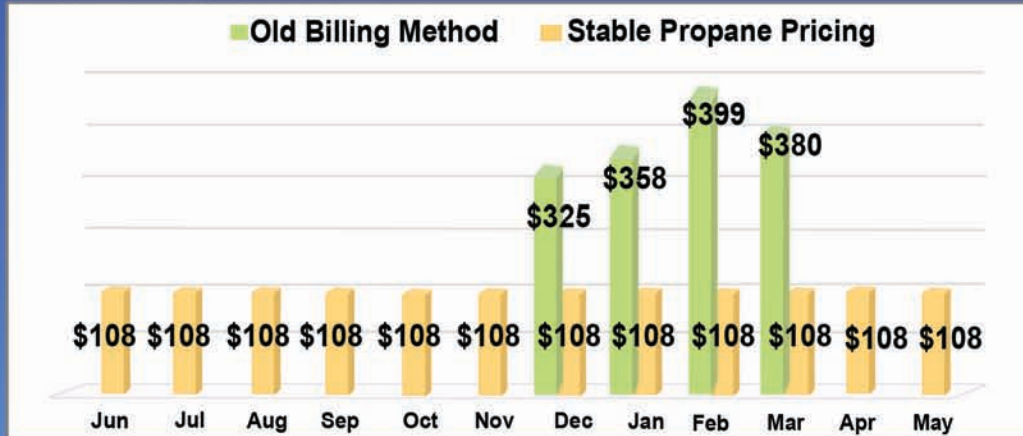

With the Stable Propane Pricing Program, you pay ONE low fixed rate ALL YEAR LONG. No matter what winter weather you have.

## With Stable Propane Pricing...

Your bills last winter could have looked like this:

**\$108 in January, \$108 in February, \$108 in March and \$108 in December** (sample pricing)

The difference is **STABILITY!**

**Stable Propane Pricing** works because you pay the same amount every month all year long. So in July, you will pay \$108 and in February at -2 degrees, you will pay \$108. The 12th month of the program will balance your usage - which basically means if you use less than your normal amount, you get a credit on your account! Of course if you use more, you will be responsible for the difference.

Generally, you will pay less on this program than you do on the old billing because you do not have to worry about prices going up when you need propane the most. A small monthly program charge ensures that you will receive the same fixed price every month of the year! But, you **MUST LOCK IN YOUR RATE TODAY!** Otherwise your cost will go up! And after September you have to wait until the next May to get in on this - so **Call Today to Set Your Monthly Payment!**

## For Example...

Last year you paid:  
 \$325 in December, \$358 in January,  
 \$399 in February and \$380 in March.

Whew - glad that is over!
